## IMPORTANT INFORMATION FOR APPLICANTS

Obtaining a building warrant is only the first step in ensuring that the works you propose comply with the Building Regulations. On completion of the works you are required to submit a Completion Certificate, and an acceptance of the Completion Certificate by the Council will ensure that the works are free from any enforcement action under the Building (Scotland) Act 2003. It is also of importance should the property be sold as you should expect the purchaser to request evidence that works done are compliant with the Building Regulations.

To assist the Council in issuing an acceptance of your Completion Certificate you should notify the named Building Standards Surveyor at all the stages specified below. You should also be aware that if you fail to notify at the correct stages then you may be requested to expose areas of concealed construction in/of the building so that works may be inspected to confirm compliance with the Building Regulations.

This document or a copy must be passed to the applicant's contractor if one is appointed.

**FAILURE TO NOTIFY THE COUNCIL AT THE REQUIRED TIME MAY RESULT IN A DISRUPTIVE INSPECTION BEING REQUIRED. THIS COULD RESULT IN WALL, FLOOR OR CEILING FINISHES BEING DAMAGED, THE COST OF WHICH WILL BE BORNE BY THE RELEVANT PERSON IN TERMS OF THE BUILDING (SCOTLAND) ACT 2003.**
