

**Phase Three - Lower Pitch**

Following drainage improvements to the area the lower pitch shall initially be levelled and utilised as a further grass playing surface.

**Phase Four - Lower Pitch**

An all weather playing surface shall be installed on the lower pitch allowing for training and matches regardless of weather conditions.

**Phase Four - Safety and Security**

New flood lighting shall be installed to accommodate training and matches during the shorter winter days.

The security of the new playing surface will be aided by the extension of the phase one security fencing to include the lower pitch.

**Phase Four**

Storage facilities will be erected for use of the local sports community providing a safe and secure area for local clubs and teams to store their equipment.
